Our boxes are simple to build and fun to construct. It involves basic competencies in using an impact driver (a type of battery operated screw driver) a chop saw (cutting one out of every three 8 foot 4x4's in half) and a hammer. This is fun simple carpentry with very little chance of injury or significant mistake. below is a picture of our community garden site and some of our boxes.
For additional information or communication help:	Please ask any questions you might have regarding CIT 2016 involvement to pastor Jason Shine edmontonshines@gmail.com or his ministry associate Zach Hunn zthunn@gmail.com

Central Community Church is ready for your groups for the summer of 2016. We seek City Impact Teams for 4 weeks this summer. CITs commit four full days to serve our city in cooperation with our church Tuesday - Friday. Most of these groups will travel Monday and Saturday and be in their home churches on the Sunday on either end. This year we invite teams from June 7-10 CIT Build. June 14-17 CIT Build. July 12-15 CIT Run, Jump Play. July 19-22 CIT Run, Jump, Play.

Build teams will focus on a three part day divided into work, relax, engage. The group will build community garden boxes and or help in practical means in ministry to the poor and refugees in our community from 9am - 12 noon. Our boxes are simple to build and fun to construct. It involves basic competencies in using an impact driver (a type of battery operated screw driver) a chop saw (cutting one out of every three 8 foot 4x4's in half) and a hammer. This is fun simple carpentry with very little chance of injury or significant mistake. below is a picture of our community garden site and some of our boxes.

The ministries to the poor include baking cookies for relief missions and ESL outreaches to refugees and the sorting of clothing for the poor etc. This allows larger groups if there are some uncomfortable with building boxes to have something to contribute as well.

12 noon - 6 pm the team is on their own for lunch and dinner and an afternoon to see our city. Go to the World's Largest Mall <http://www.wem.ca> or explore our cities extensive network of river valley parks http://www.edmonton.ca/activities_parks_recreation/parks_rivervalley/william-hawrelak-park.aspx or check out one of our cities many festivals <http://www.festivalseekers.com/edmontonfestivals>. Although if invited the pastor of CCC has rarely been known to turn down a free lunch.

From 6pm - 9pm the team will be sent out to engage the neighborhoods of Edmonton with the gospel. Doors will be opened by giving out popsicles, water bottles etc. in city parks and asking a simple question of those interested in conversations. "What do you think about Jesus." A training orientation will be available to groups that desire it discussing and preparing your team for these conversations. Church members from the local church will be encouraged to participate in these evenings.

CIT RJP teams will have a slightly different day. They will enjoy long leisurely mornings, and if they choose to see the sites of the city it will be in the morning. But at 1:30 pm, it will be time to lace up those running shoes. Teams will run a simple soccer camp for young children 6-14 years old. Basic ball handling drills and passing. Simple scrimmages and fun soccer related games will be done as ways for the kids to develop physical literacy, teamwork, and have a lot of fun. The last day of camp will include a bouncy castle and sno cones... after a break for dinner each afternoon the team will return to the areas they serve to engage the same areas with the gospel by handing out water bottles etc... as described above for the build teams.

CITs will stay at the MacEwan Residence. <http://www.macewan.ca/wcm/StudentServices/ResidenceServices/GuestAccommodations/index.htm> Essentially rooms are available in a number of configurations to fit your group. They are similar to simple Hotel rooms and have great meeting spaces for your group on each

floor they also offer the option of preparing some or all of your own meals in the kitchenettes to save on costs for your team.

CIT guidelines: we seek teams between 5 and 20 in number. We will customize the experience a little to fit the size of your team but we cannot correctly use teams larger than 20. We ask each team to handle its own, transportation, food, and housing costs. In addition to that we ask for \$50 per team member to cover ministry costs on the field and t-shirts yes each member of your team will receive 2 shirts for their week of service to identify them and our church. When wearing them we expect your whole team to behave as ambassadors of Jesus and our church. (When not wearing the shirts you still ought to know God hopes you will live as his ambassadors, but thats between you and Him) Teams are encouraged to stay one extra day for a chance to spend a day in Jasper. <http://www.pc.gc.ca/eng/pn-np/ab/jasper/index.aspx> About a 4 hour drive to the west the Canadian Rockies are worth the trip. This day involves getting out at 6am (or as we say in Edmonton dawn) arriving at the Hot Springs at 10 am, eating lunch at Patricia Street Deli at 12 noon, exploring the mountains until 6pm eating a late but filling dinner at 7 pm in Hinton on the way home and rolling into Edmonton about 11pm. (or as we say in Edmonton sundown) This obviously involves extra cost and effort but the mountains are God's gift to any who survive Alberta's winters and our summer days are just meant to be enjoyed! A mountaintop worship experience could replace your normal Sunday experience if desired, either led by our pastor or yours if along or both...

Please ask any questions you might have regarding CIT involvement in 2016 to our pastor Jason Shine edmontonshines@gmail.com or his ministry associate Zach Hunn zthunn@gmail.com and check out our church web and Facebook pages. www.wearecentral.ca or Facebook WeAreCentral.

Cooking options:	Limited cooking facilities but places to meet for group meals
Language or culture group being targeted:	English speaking, but many ethnic nationalities
Additional language helpful?	English (almost any other language)
What skills would be helpful?	See attached information sheet.
Additional cost for volunteers?	We ask each team to handle its own, transportation, food, and housing costs. In addition to that we ask for \$50 per team member to cover ministry costs on the field and t-shirts yes each member of your team will receive 2 shirts for their week of service to identify them and our church.
Information about project requestor:	New church plant -- renting space at University
Possible Schedule:	See attached information sheet.

Additional information?	CIT: Run, Jump, Play -- teams will enjoy free time in the mornings, and they can see the sites of the city. At 1:30 pm, it will be time to lace up those running shoes. Teams will run a simple soccer camp for young children 6-14 years old. Basic ball handling drills and passing. Simple scrimmages and fun soccer related games will be done as ways for the kids to develop physical literacy, teamwork, and have a lot of fun. The last day of camp will include a bouncy castle and snow cones... after a break for dinner each afternoon the team will return to the areas they serve to engage the same areas with the gospel by handing out water bottles etc...
For additional information or communication help:	Please ask any questions you might have regarding CIT 2016 involvement to pastor Jason Shine edmontonshines@gmail.com or his ministry associate Zach Hunn zthunn@gmail.com

Central Community Church is ready for your groups for the summer of 2016. We seek City Impact Teams for 4 weeks this summer. CITs commit four full days to serve our city in cooperation with our church Tuesday - Friday. Most of these groups will travel Monday and Saturday and be in their home churches on the Sunday on either end. This year we invite teams from June 7-10 CIT Build. June 14-17 CIT Build. July 12-15 CIT Run, Jump Play. July 19-22 CIT Run, Jump, Play.

Build teams will focus on a three part day divided into work, relax, engage. The group will build community garden boxes and or help in practical means in ministry to the poor and refugees in our community from 9am - 12 noon. Our boxes are simple to build and fun to construct. It involves basic competencies in using an impact driver (a type of battery operated screw driver) a chop saw (cutting one out of every three 8 foot 4x4's in half) and a hammer. This is fun simple carpentry with very little chance of injury or significant mistake. below is a picture of our community garden site and some of our boxes.

The ministries to the poor include baking cookies for relief missions and ESL outreaches to refugees and the sorting of clothing for the poor etc. This allows larger groups if there are some uncomfortable with building boxes to have something to contribute as well.

12 noon - 6 pm the team is on their own for lunch and dinner and an afternoon to see our city. Go to the World's Largest Mall <http://www.wem.ca> or explore our cities extensive network of river valley parks http://www.edmonton.ca/activities_parks_recreation/parks_rivervalley/william-hawrelak-park.aspx or check out one of our cities many festivals <http://www.festivalseekers.com/edmontonfestivals>. Although if invited the pastor of CCC has rarely been known to turn down a free lunch.

From 6pm - 9pm the team will be sent out to engage the neighborhoods of Edmonton with the gospel. Doors will be opened by giving out popsicles, water bottles etc. in city parks and asking a simple question of those interested in conversations. "What do you think about Jesus." A training orientation will be available to groups that desire it discussing and preparing your team for these conversations. Church members from the local church will be encouraged to participate in these evenings.

CIT RJP teams will have a slightly different day. They will enjoy long leisurely mornings, and if they choose to see the sites of the city it will be in the morning. But at 1:30 pm, it will be time to lace up those running shoes. Teams will run a simple soccer camp for young children 6-14 years old. Basic ball handling drills and passing. Simple scrimmages and fun soccer related games will be done as ways for the kids to develop physical literacy, teamwork, and have a lot of fun. The last day of camp will include a bouncy castle and sno cones... after a break for dinner each afternoon the team will return to the areas they serve to engage the same areas with the gospel by handing out water bottles etc... as described above for the build teams.

CITs will stay at the MacEwan Residence. <http://www.macewan.ca/wcm/StudentServices/ResidenceServices/GuestAccommodations/index.htm> Essentially rooms are available in a number of configurations to fit your group. They are similar to simple Hotel rooms and have great meeting spaces for your group on each

floor they also offer the option of preparing some or all of your own meals in the kitchenettes to save on costs for your team.

CIT guidelines: we seek teams between 5 and 20 in number. We will customize the experience a little to fit the size of your team but we cannot correctly use teams larger than 20. We ask each team to handle its own, transportation, food, and housing costs. In addition to that we ask for \$50 per team member to cover ministry costs on the field and t-shirts yes each member of your team will receive 2 shirts for their week of service to identify them and our church. When wearing them we expect your whole team to behave as ambassadors of Jesus and our church. (When not wearing the shirts you still ought to know God hopes you will live as his ambassadors, but thats between you and Him) Teams are encouraged to stay one extra day for a chance to spend a day in Jasper. <http://www.pc.gc.ca/eng/pn-np/ab/jasper/index.aspx> About a 4 hour drive to the west the Canadian Rockies are worth the trip. This day involves getting out at 6am (or as we say in Edmonton dawn) arriving at the Hot Springs at 10 am, eating lunch at Patricia Street Deli at 12 noon, exploring the mountains until 6pm eating a late but filling dinner at 7 pm in Hinton on the way home and rolling into Edmonton about 11pm. (or as we say in Edmonton sundown) This obviously involves extra cost and effort but the mountains are God's gift to any who survive Alberta's winters and our summer days are just meant to be enjoyed! A mountaintop worship experience could replace your normal Sunday experience if desired, either led by our pastor or yours if along or both...

Please ask any questions you might have regarding CIT involvement in 2016 to our pastor Jason Shine edmontonshines@gmail.com or his ministry associate Zach Hunn zthunn@gmail.com and check out our church web and Facebook pages. www.wearecentral.ca or Facebook WeAreCentral.

Additional cost for volunteers?	Only living costs
Information about project requestor:	No current church or ministry working with this exponentially growing Muslim population. We are hoping to locate Muslims willing to open their heart for God and then lead them to Jesus Christ. We further want to teach them to study and grow in the scriptures on their own and reach out to their own families and friends. We pray some will begin studying the Bible and see a viable work and ministry begun among this very tough segment of the population. (It can happen! Bu not without lots of prayer & faith -- and the workings of the Holy Spirit.)
Additional information?	We have no current work among the Muslim population. The largest mosque in Canada is under construction in Ft McMurray! Of the 70 current residents, almost 30 percent are recent Muslim. These volunteers must be very special God ordained / Church sent servants. We want them to follow Jesus' instructions that He gave when He sent out his disciples.

What skills would be helpful?	Friendly, servant heart, not lazy or needing constant supervision. We also need Volunteers who are strong in prayer or faith or showing lovingkindness.
Additional cost for volunteers?	Possibly consumer supplies for ministry, such as batteries, windex, light bulbs, cleaning soap, etc...
Information about project requestor:	New church plant -- renting space in apartment leasing office and rec center.
Additional information?	Our new church started in a large apartment complex. It has 4,500 residents. Our church meets on site, but few know about us. We are asking volunteers to help us get into homes by offering sacrificial servant-hearted services, in exchange to speak to them about Jesus Christ. We are open to brain-storm ideas!

Age group:	College or singles (of same sex, prefer males!) Married couples - no children Retired couples - no children	
Size team:	2-4	
Sleeping options:	Unknown; RV options in some area; The Lord must provide (as He gave us instructions in New Testament...)	
Shower options:	Unknown; community rec center or pool possible school facility homes?	
Cooking options:	limited at best! Require faith for the LORD to provide "Daily Bread"	

Language or culture group being targeted:	English but unchurched; or possibly First Nations (Native Indian)
Additional language helpful?	English only
What skills would be helpful?	Lots of faith! Knowledge of Jesus commandments given in: Matthew 10 ; Mark 6 ; Luke 9 & 10 ; Servant hearted; Knowledge of scripture with the faith that they are true
Additional cost for volunteers?	Yes, but amount unknown...
Information about project requestor:	No current church or ministry present. We are hoping to locate people with a heart for God and then lead them to Jesus Christ and teach them to study and grow in the scriptures on their own! We actually hope they will bring home Bible studies among their family and friends that could eventually grow into a new church.
Additional information?	We have no current work in Yukon. These volunteers must be very special God ordained / Church sent servants. We want them to follow Jesus' instructions that He gave when He sent out his disciples. We prefer two single males, or a married couple (any age.) Teams of 2-4 fine, but we are dependent upon the LORD's mercy for daily accommodations and provision.
