Life is sacred

From conception to natural death, we believe every person's life is created in the image of God (Gen. 1:27). Amazing pictures inside the womb reveal the beating heart of a person, whose eye color, height and unique fingerprints—in fact, the plan for every cell of their body was established at conception.

As Christians we have a special responsibility to affirm the truth about human life and speak up for the vulnerable. Sadly, life is no longer held as sacred in our culture. This is shown time and time again by tragic news of children abused by their parents, the elderly neglected and the abortion rate recently increasing by 10% in Oklahoma as the number of abortion facilities have doubled in our state.

We are in a battle for life! The situation is urgent, but not hopeless. Consider what you can do, what we all must do, to counteract a culture of death with the life-giving message of Jesus Christ. There are 40 evangelical pregnancy centers across our state serving women and men who are struggling with a life or death decision.
